

Association Testimonials

electronica India 2016

“We have an association of small industries in the electronics segment and we have a pavilion at the show. We are associated with Messe München since many years and we have been participating in successive trade fairs organized by Messe München. electronica India is a key show in India promoting the manufacturers in the electronics industry.” **Mohan Das U, President, Consortium of Electronic Industries of Karnataka**

“electronica India and productronica India are very important and successful shows because Messe Muenchen India has done a very good job in getting the industry together on one platform. It is very well organized and represents the majority of the industry players who are showcasing their best products and technologies. I think that this kind of event is very valuable for the community.” **Rajoo Goel, Secretary General, ELCINA**

“ELCINA partnered with Messe Muenchen India for the first time in electronica India and productronica India years back. We are very happy to be associated with the fairs as they offer one single platform for all Indian and international companies to showcase their products and services. With more than 650 represented companies, the magnitude of the trade fairs is massive and is becoming bigger and better each year.” **Vikram Desai, President, ELCINA**

“We represent the industry body of semiconductors and electronics and organized the IoT Conference alongside electronica India 2016. The platform was very well received and attracted interested audiences. We had various global and domestic speakers who participated in the program.” **Venkatesh Kumaran, Vice President – Operations, IESA**

“We are very happy to be a part of this trade fair as it is a flagship event for the electronic industry. In fact, as a manufacturer we got our first international exposure at electronica in Munich, way back in 2000. We are very happy to see the way this event has shaped-up in India.” **Vinod Sharma, Chairman, IndiaSoft**

“This event is very well organized and certainly very important for foreign companies to come and showcase their products in India. It also gives them the opportunity to meet potential customers here in India. Leveraging on this trade fair, we expect to start business in India and hopefully will be doing it soon.”
Stanley Wang, Deputy Director, General, Institute for Information Industry

“We are happy that this event is really well organized and that there is so much information to share under one roof. For a country like India, this kind of event is very important as it brings a lot of opportunities for investors to look into.” **V. Atchuta Rao, Director, ESTAH Society**

“electronica India and productronica India are important trade fairs for the electronic manufacturing industry as it really helps the industry players to understand the trends, opportunities and challenges within the industry.” **M. L. Prakasha, Dy. General Manager, NSIC - The National Small Industries Corporation Limited**
