

Exhibiting is worthwhile

There are plenty of good reasons to attend electronica India. It will give you a broad overview of the entire spectrum of the electronic components industry and give you new drive for your business success. See for yourself.

✓ World's leading trade fair network

No other trade fair benefits from being embedded in a worldwide cluster as much as electronica India. electronica India gathers international and local market leaders from the industry, displays products, addresses all important target groups and thus creates the best communication and business environment for both sides. At the same time, we gather the providers of electronics manufacturing equipment at [productronica India](#), which together gives a comprehensive picture of the entire value chain.

Get to know the latest trends in the global electronics industry!

International exhibitors from countries such as Japan, Taiwan, China, Germany, the UK etc. will display their latest products. This is the perfect platform for finding global partners.

✓ We offer high service quality and international standards

As the organizer of leading events in Munich since 1964, we also have a great deal of experience with electronica in India, allowing us to provide you the most efficient trade-show expertise as well as market knowledge.

✓ Industry and marketing know-how that is difficult to emulate

We have strong alliances with the government of India (Department of Electronics and Information Technology— [DeiTY](#), the Ministry of Home Affairs and Ministry of External Affairs). We also enjoy the support of national and international associations such as the Electronic Industries Association of India ([ELCINA](#)), India Electronics & Semiconductor Association ([IESA](#)), National Small Industries Corporation ([NSIC](#)), Consumer Electronics and Appliances

SAVE THE DATE

**electronica India | International Trade Fair
for Electronic Components, Systems and
Applications**

Date: Sep 14 - 16, 2017
