

Supporting program

electronica India features knowledge sharing sessions to meet the needs of the growing Indian electronics industry. The sessions led by the most influential experts will cover latest technology and market topics, and provide participants an opportunity to gain new skills and knowledge to enhance their expertise in various domains.

The supporting program for electronica India 2019 will be finalized in summer 2019. In the meantime you may check the supporting program of electronica India 2018 below.
